PVN ID	BM-2402-006134
Category	Instruction and Social Service
Location	BOROUGH OF MANHATTAN C. C.
Department	Office of Accessibility
Status	Part Time
Hourly Rate	\$30.00-\$35.00
Hour(s) a Week	5.00-19.00
Closing Date	Apr 15, 2024 (Or Until Filled)

General Description

Borough of Manhattan Community College (BMCC) is now the largest college in the City University of New York system, with more than 20,000 students, and is the first community college in Manhattan. BMCC's mission: BMCC is a diverse teaching and learning community committed to advancing equity and the intellectual and personal growth of students. Working to strengthen a culture of care inside and outside the classroom, we share a passion for learning with students from around the world. We strive to increase degree completion, successful transfer, career achievement and service and leadership within our community, New York City, and beyond.

The Office of Accessibility at BMCC is recruiting to fill a CTE (Career and Technical Education) Accessibility Resource Mentor, Technology position as part of the College's Strengthening Career and Technical Education for the 21st Century Act (formally known as Perkins Grant).

The BMCC Office of Accessibility is seeking a CTE Accessibility Resource Mentor, Technology with interest and knowledge around disability and ADA-related issues within the Technology industry. The right candidate will provide guidance to faculty about reasonable accommodations for individuals within the Technology industry.

This part-time temporary position is available in a hybrid format with some hours worked on-site on BMCC's main campus and others completed virtually (Zoom).

Other Duties

Provide guidance to faculty about reasonable accommodations for individuals within the Technology industry cluster by way of the following activities:

- Hold weekly office hours (in-person and virtual) for faculty drop-in meetings.

- Advertise their availability to faculty to speak at any departmental or other small group meetings that are related to their industry cluster, represented by the following CTE majors: Computer Network Technology, Computer Information Systems, Computer Science, Animation and Motion Graphics, Multimedia Programming and Design, Video Arts and Technology, Health Information Technology.
- Create and contribute content to disability awareness trainings.
- Remain up to date on disability issues within the Technology industry.

Qualifications

- Associate's or Bachelor's degree and a minimum of two (2) years work experience in any of the following majors within their industry cluster (Computer Network Technology, Computer Information Systems, Computer Science, Animation and Motion Graphics, Multimedia Programming and Design, Video Arts and Technology, Health Information Technology).
- Understanding of the Americans with Disabilities Act and its applications to higher educational settings and the workplace.
- Ability to develop and deliver presentations.
- Ability to maintain confidentiality and discretion as needed.

Preferred Qualifications:

- Some graduate-level study related to one of the majors listed in the "Qualifications" section.
