## General Description

---

The Borough of Manhattan Community College seeks an experienced and resourceful Program Director for the BMCC Continuing Education Continuing Education Healthcare and Business Programs. The Program Director will work closely with the Education Director and the BMCC educational leadership team to continue the BMCC tradition as one of the most progressive and innovative healthcare and business programs in New York City. The Director will be centrally responsible for developing and managing the programs' fiscal resources including grant proposals and reports. Healthcare and Business Programs include a wide range of programs and initiatives. The program areas serve over 1000 students and community members annually. The Director is responsible to ensure accountability in all areas of the program and to meet the requirements as detailed in funding award contracts.

Please submit a cover letter to be considered for this position.

## Other Duties

---

- Provide leadership and implement strategic planning that support collaboration and continuous improvement to achieve instructional excellence, innovation, and professional development of the assigned area
- Develop grant-funded and private-sector proposals to maintain programs and expand instructional and case-management services
- Develop and manage multiple budgets over varying grant contract timelines
- Create new courses and programs in alignment with labor market data and demands
- Embed industry recognized certifications in continuing education programs and align
- Work with the College's Office of Sponsored Programs and Grants and the Research Foundation of The City University of New York to ensure budget and reporting requirements are met and are in compliance with each grant contract's requirements
- Remain up-to-date on the regulations, rules, budgets, reporting and compliance requirements of the

Workforce Innovation and Opportunity Act (WIOA).

- Oversee data systems, ensuring all participants are accurately documented and in compliance with grant contracts
- Submit interim and final report to all required entities
- Network and engage with public and private entities to maintain established partnerships and develop new programming opportunities
- Maintain collaborative relationships with business, industry, health care sector, the New York City workforce development agencies, healthcare networks, New York City Public Schools, Small Business Administration, and community-based organizations
- Oversee program accountability, data collection and analysis of performance
- Perform other tasks consistent with the goals and objectives of this position and as assigned.

## Qualifications

---

- Bachelors required. Masters or doctoral degree preferred
