## General Description

---

Borough of Manhattan Community College (BMCC) Center for Continuing Education is looking for professional CompTIA A+ instructors who have a knack for delivering top-notch training. The incumbent will be responsible for providing quality instruction to students who are advanced ESL learners, by ensuring student satisfaction through the classroom or laboratory setting according to the program objectives. Interested candidates must have a strong knowledge of the CompTIA A+ course material with up-to-date certifications to be considered for this position.

This is a great opportunity for you to turn your technical proficiency, on-the-job experience and great communications skills into a rewarding part-time teaching opportunity. We're hiring instructors to meet the growing demand for our training programs.

BMCC's Continuing Education provides educational opportunities, including high demand certifications, for the ones aspiring to become Information Technology professionals. Our programs are designed to prepare students for direct entry into the job market and provide hands-on instruction. It is our goal to specialize in those areas for which the job growth potential is highest. Our hallmark is personalized, practical, real-world instruction that best prepares the student for their future while meeting the needs of employers.
