General Description

About Grants and Sponsored Program

The City College of New York's (CCNY) Grants and Sponsored Programs (GSP) is an administrative unit of the Office of Research in the Office of the Provost. The GSP Office's primary mission is to provide the campus with professional guidance and administrative support for all sponsored research activities. Our goals are to improve the overall grant preparation and submission experiences for the Principal Investigators (PIs), enhance efficiency in our services, and ensure all sponsored research activities comply with the federal, state and institutional research policies and mandates.

General Description of Duties and Responsibilities:

The primary responsibility of the Post-Award Manager is to assist the GSP Leadership (Director and Assistant Director) with the daily operations of the GSP office; assisting the Leadership in developing and implementing the strategic plan, policies, and procedures; performing Post-Award grants management tasks, and supervising support staff in the performance of Post-Award functions. The Post-Award Manager shall lead the team of grants staff in conjunction with office management staff to ensure the mission of the GSP office is properly and professionally achieved. The Post-Award Manager, when necessary, will communicate with the sponsor, college administrators, PIs, and other business administrators to assist PIs securing funding, and ensure compliance with all research policies and mandates, as well as sponsor's award conditions for all sponsored programs. The Post-Award Manager will also work with GSP Leadership and the supporting staff in collecting, processing, and analyzing award data for necessary reports.

Other Duties

- Assist the GSP Leadership (Director and the Assistant Director) in developing procedures and protocols

associated with the GSP functional areas in Post-Award services.

- Review and interpret federal, state, and institutional research administration regulations and policies.
- Train and supervise GSP Post-Award staff.
- Ensure compliance with Effort Reporting Activities and sponsor deadlines.
- Assist investigators with the review and submission of Progress and Technical Reports
- Review agency guidelines for award management.
- Communicate with agency officials or sponsors when necessary.
- Coordinate with investigators in creating and/or modifying budgets.
- Lead the supporting staff in the preparation of necessary reports.
- Serve as an authorized signatory for GSP as it pertains to Post-Award activities.
- Coordinate contract review and execution with the Legal Team.
- Performs other duties as assigned.

Qualifications

Minimum Qualifications:

- Master's degree (preferred) or Bachelor's degree from an accredited institution.
- Four years (4) of experience in Research Administration.
- Two (2) years of supervisory experience; or equivalent combination of education and experience.
- Strong competence in a computerized working environment.
- Possession of the core competencies related to research administration.
- Excellent oral and written communication skills.

Core Competence:

- Strong knowledge of the field of sponsored programs and research administration.
- Strong knowledge of and previous experience with various government agency (Federal, NY State and NYC) and corporate sponsored program requirements and practices.
- Strong financial and budgetary knowledge and experiences.
- Strong knowledge of the federal Uniform Guidance.
- Strong knowledge of the research regulatory environment and requirements for compliance.
- Ability to analyze grant agreements and contracts and identify areas needing resolution.
- Strong organizational, time management and leadership skills.
- Knowledge of key office technology and software for tracking sponsored programs.
- Ability to communicate effectively with and explain complex concepts to diverse constituencies, including faculty members, staff, colleagues, and internal and external constituents.
- Ability to listen and respond to the concerns/ideas of others.
- Strong ability in policy review, data collection, statistical evaluation of data, and strategies for conveying results to users.
- Strong knowledge about legal requirements and institutional policy regarding human subject research, laboratory animal protocols, bio-safety procedures, and other areas related to research compliance.
- Knowledge of Cayuse preferred.
- Ability to organize and prioritize assigned work, analyze problems, develop appropriate work methods, and maintain records.
- Ability to multi-task and handle several different duties simultaneously.

- Ability to use computers and computer software with ease (including Microsoft Word, Excel, web-based tools, and similar software), and the ability and flexibility to learn new skills as different duties may arise.
- Ability to work both independently and as a team leader. At times, the work is fast-paced with long hours and tight deadlines. The position requires an individual who can handle this type of high-intensity work environment.
- Excellent interpersonal skills and the ability to work with a broad range of individuals, groups, and personality types.
