
Job Title	5 Week Summer Program K-5 STEAM Teacher
PVN ID	HO-2505-006827
Category	Instruction and Social Service
Location	HOSTOS C. C.

Department

Status	Full Time
Hourly Rate	\$35.00-\$55.00
Hour(s) a Week	35
Closing Date	Jul 05, 2025 (Or Until Filled)

General Description

Under the general supervision of HOPE Program PI, provides instruction in STEM to students grades K-5 in groups of varying sizes. Conducts classes individually or as part of an instructional team, sometimes in concentrated formats, possibly in sequences with atypical time-lapses, or in other patterns dictated by the curricula design and/or needs of the sponsor. Will conduct classes at Hostos Community College for a summer program. Following curricula guidelines, develops instructional plans and prepares instructional materials; uses and incorporates prescribed materials as requested. Utilizes traditional as well as state of the art delivery methods. Assists in developing and administering assessment tools.

ABOUT OUT PROGRAM:

The Hostos Oasis for Parents' Education (HOPE) Program is a Two Gen summer program for student parents and their children. This is part of a research project funded by the National Science Foundation (NSF) from 2022-2026. Each summer, we will welcome 12-24 student parents and their children (approx. 15-25) to our campus, Hostos Community College, in the South Bronx.

School-aged children will participate in the HOPE Academy for approximately 4 weeks (**June 30-July 24**) from **8 AM-4 PM Monday-Thursday**. Additional time will be compensated for preparation and debriefing. Our STEM and ELO instruction will occur primarily in the mornings with activities and push-in's from a variety of on-campus providers in the afternoons. Three to four modules of instruction will be expected each day. Teachers are invited to eat breakfast and lunch with the program (we have excellent catered food!) and will be given 1-2 preps per day.

Our research model and programming are based on a holistic model of support for student parents including Family (high quality childcare for their children and nutritious meals during HOPE), Education (experiential learning college courses, advising, tutoring), and Professionalism (mentoring, colloquia, and professional development workshops).

Other Duties

- Specifies equipment and support needs well in advance; confirms schedules, room assignments and equipment availability prior to each class
- Assumes responsibility for managing the instructional session and responds in a professional manner to any student needs/requests
- With the concurrence of the supervisor modifies instructional plans and approaches in response to feedback
