## General Description

---

The LaGuardia Community College (LaGCC) ACCES Pre-Employment Transition Services Program (Pre-ETS) assists students with disabilities in successfully transitioning from postsecondary education to meaningful employment opportunities. To support this mission, we are seeking a skilled and bilingual Spanish Language Translator to join our team on an occasional, as-needed basis (0–8 hours per week). This flexible role is ideal for someone who can provide high-quality translation support when needed, depending on program demands. The Translator will play a key role in ensuring that all program-related materials and communications are accessible to Spanish-speaking students, staff, and employer partners. This includes translating documents, reports, career readiness resources, articles, and other key materials from English to Spanish and vice versa with a strong understanding of cultural nuances and idiomatic expressions in both languages. Under the supervision of the Program Manager and Project Investigator, the Translator will contribute to the program's goal of fostering inclusivity, cultural sensitivity, and clear communication across all program operations.

This is a grant-funded, hybrid position through the Research Foundation of CUNY. Appointments are subject to availability of funding and satisfactory performance.
