General Description

POSITION TITLE: PROGRAM ASSISTANT

At the Harmony Program, music changes lives every day. Through collective music-making, children from under-served communities explore new avenues and realize their full potential.

For the past decade, the Harmony Program has distinguished itself by serving children in need, reaching them within their own communities, providing them with instruments and intensive, high quality musical training, and helping to develop in them the life skills that support their healthy development -- musically, academically, and socially. The Harmony Program also recruits and trains accomplished musicians as its teachers and provides them with formal professional development training, observation and evaluation, access to a network of their peers, and competitive compensation for their services, with the goal of instilling in them a long-term commitment to community outreach and education.

The Harmony Program is inspired by Venezuela's national youth orchestra system, "El Sistema." Committed to improving society through music, El Sistema has gained international acclaim for the breadth of its reach, the quality of its musicians, and the power of its positive influence on the young lives it touches. In the spirit of El Sistema, the Harmony Program emphasizes the influence of music-making on social development, encourages learning through ensemble playing, fosters a supportive community for program participants and families, and requires of all involved a high degree of commitment to daily music study.
